## BASIC INFORMATION

### 1. Why should I read this notice?

The purpose of this notice is to inform you that your rights may be affected by proceedings in two class action lawsuits that are pending before the Honorable Kenneth R. Freeman, Judge of the Superior Court of California, County of Los Angeles (the “Court”). The Court has authorized this notice because you have the right to know about a proposed settlement of these class action lawsuits and about all of your options before the Court decides whether to give final approval to the settlement. This notice explains the lawsuits, the settlement, and your legal rights.

This litigation is known as *Sandra Carter, et al. v. City of Los Angeles*, Case No. BC363305, and *Nicole Fahmie v. City of Los Angeles, et al.*, Case No. BC381773. The persons who sued are called the Plaintiffs. The City of Los Angeles (the “City”) is the Defendant.

### 2. What is the lawsuit about?

The lawsuits allege that the City violated disability access laws by failing to install, repair or maintain curb cuts or ramps that provide access to and from sidewalks and other pedestrian pathways located in the City. Based on these allegations, the lawsuits assert claims for violation of the California Disabled Persons Act (Civil Code, §§ 54, et seq. [the “DPA”]), California’s Unruh Civil Rights Act (Civil Code, §§ 51, et seq. [the “Unruh Act”]), section 11135 of the Government Code and other laws.

The City denies Plaintiffs’ claims and contends that it complied fully with California and Federal law.

The Court has not decided which side is right.

### 3. Why is this a class action?

In a class action, one or more people, called Class Representatives, sue on behalf of people who have similar claims. Together, all of the people with similar claims are members of a “Settlement Class” and are called “Settlement Class Members.”

### 4. Why is there a settlement?

The Court did not decide in favor of Plaintiffs or Defendant. Instead, both sides agreed to a settlement. That way, they avoid the cost, delay and inherent uncertainty of a trial, and the people affected will receive the benefit of the remediation program and other measures set forth in the settlement. The Class Representatives and the attorneys think that the settlement is best for everyone who was injured or damaged by the practices alleged in the lawsuits.

## WHO IS IN THE SETTLEMENT

### 5. How do I know if I am part of the settlement?

Everyone who fits into the following description of the “Settlement Class” is a Settlement Class Member:

All persons (including, without limitation, residents of and visitors to the City of Los Angeles) with any Disability who, at any time prior to the date of the Settlement Agreement through the Term of the Settlement Agreement,

- (i) accessed or attempted to access a sidewalk, intersection, crosswalk, street or other pedestrian pathway located in the City but were impaired or unable to do so due to (a) the lack of a curb ramp or curb cut, or (b) a curb ramp or curb cut that was damaged, deficient, in need of repair, or otherwise in a condition not suitable or sufficient for use, or
- (ii) allege that they would have accessed or attempted to access a sidewalk, intersection, crosswalk, street or other pedestrian pathway located in the City but for allegedly being denied such access due to (a) the lack of a curb ramp or curb cut, or (b) a curb ramp or curb cut that was damaged, deficient, in need of repair, or otherwise in a condition not suitable or sufficient for use.

### 6. What does it mean to be part of the Settlement Class?

If you are in the Settlement Class, that means you cannot sue or be part of any other lawsuit against the City for claims that you may have against the City for non-monetary relief related to the accessibility of any sidewalk, intersection, crosswalk, street or other pedestrian facility located in the City due to (i) the lack of a curb ramp or curb cut, or (ii) a curb ramp or curb cut that is or was damaged, deficient, in need of repair, or otherwise in a condition not suitable or sufficient for use. It also means that all of the Court’s orders will apply to you and legally bind you.

## THE SETTLEMENT BENEFITS

### 7. What does the settlement provide?

The proposed settlement will require the City, with respect to any and all alleged installation, construction, repair or remediation obligations of the City due to the purported inaccessibility to individuals with Disabilities of sidewalks, intersections, crosswalks, streets and other pedestrian facilities located in the City due to the lack of curb ramps or curb cuts, or curb ramps or curb cuts that were damaged, deficient, in need of repair, or otherwise in a condition not suitable or sufficient for use, to perform all of the requirements set forth in the settlement of a similar class action lawsuit, *Willits, et al. v. City of Los Angeles*, Case No. CV 10-05782 CBM (RZx), which is pending in the United States District Court for the Central District of California (the “Willits Settlement”).

The Willits Settlement will require the City to spend approximately \$1.37 billion over the next 30 years to fix or remove access barriers in pedestrian facilities by implementing various measures, including, among other things, installing and fixing curb ramps and repairing broken sidewalks. The City will also perform various other measures to improve the accessibility of pedestrian facilities to individuals with mobility disabilities over the next 30 years, such as creating an access request program, creating an access and construction database, and hiring an ADA Coordinator.

You may obtain further information about the Willits Settlement by visiting [www.LosAngelesADASettlement.org](http://www.LosAngelesADASettlement.org), calling the toll free number 1-855-303-0067, or sending a written request to Class Counsel at Schneider Wallace Cottrell Konecky Wotkyns LLP, 2000 Powell Street, Suite 1400, Emeryville, California, 94608.
